AMPN/SUBJ: FORCES COMMAND (FORSCOM) PDTE TRAINING STRATEGY FY 15 AND BEYOND//

ORDTYP/TASKORD/FORSCOM..291900//

TIMEZONE/Z//

GENTEXT/SITUATION/1. ON 23 AUGUST 2013, FORSCOM WAS TASKED BY HQDA, IN COLLABORATION WITH ARMY G-3/5/7, TO DEVELOP A PROPOSED PDTE TRAINING STRATEGY TO INFORM FY15 PDTE USAGE, EQUIPMENT DENSITY, AND REQUIRED PDTE SITES.

1.A. FORSCOM CG SELECTED AN MRAP TRAINING STRATEGY FOR FY15 AND BEYOND FOCUSED ON OEF DEPLOYERS AND THE GLOBAL RESPONSE FORCE (GRF). THIS STRATEGY REQUIRES 360 MRAPS POSITIONED AT THE CORPS LOCATIONS AS THE THREE HUBS (PDTE SITES) FOR ACCOUNTING/MAINTAINING MRAPS WHICH WILL SIGNIFICANTLY REDUCE PDTE FLEET COSTS. ADDITIONALLY, FORSCOM RECOMMENDED TO HQDA THAT MRAPS MAINTAINED AT NTC/JRTC IN THEIR PREPO FLEETS BE REDUCED FROM 120 TO 60 MRAPS EACH. AS OEF DEPLOYMENTS REDUCE, THIS PDTE TRAINING STRATEGY WILL BE SUFFICIENT AND MORE COST EFFECTIVE TO TRAIN THE FORCE BY MOVING MRAPS TO THE DEPLOYING UNIT'S HOME STATION WHEN NOT CO-LOCATED WITH THE CORPS.//

GENTEXT/MISSION/2. COMMANDERS ON ORDER IMPLEMENT SHUT DOWN OF ALL PDTE SITES WITH THE EXCEPTION OF THOSE SITES LOCATED AT THE THREE CORPS LOCATIONS (FORT BRAGG, FORT HOOD, AND JOINT BASE LEWIS-MCCHORD) BY THE END OF FY14.//

GENTEXT/EXECUTION/3. COMMANDERS INTENT. OUR FOCUS IS TO SHUT DOWN PDTE SITES IN A PHASED APPROACH. THIS WILL BE ACCOMPLISHED OVER THE 3RD AND 4TH QUARTERS OF FY14 TO MITIGATE TRAINING DISRUPTIONS AND TO ALLOW ASC/AMC TIME TO ACCOMPLISH CONTRACT ACTIONS TO SHUTDOWN THE RC MOBILIZATION LOCATIONS OF FORT BLISS, TX AND JOINT BASE MCGUIRE-DIX-LAKEHURST, NJ WILL BE ACCOMPLISHED AT THE END OF 4TH QUARTER OF FY14.

3.A. CONCEPT OF OPERATION.

3.A.1. HOME STATION TRAINING (HST) AND MOBILIZATION TRAINING CENTERS (MTC). THE FOLLOWING FORSCOM PDTE SITES WILL COMPLETE SHUTDOWN BY THE END OF 3RD QUARTER FY14: CAMP ATTERBURY, FORT SILL, CAMP SHELBY, FORT RILEY, AND FORT STEWART. THE REMAINING FORSCOM SITES WILL COMPLETE SHUTDOWN BY THE END OF 4TH QUARTER OF FY14: FORT DRUM, FORT DIX, FORT CAMPBELL, AND FORT CARSON. ALSO BY THE END OF 4TH QUARTER, FY14 ALL COMMON TOE EQUIPMENT WILL MOVE OUT OF PDTE AND BACK INTO AC/RC UNITS MTOES AND 1A TDA.

3.A.2. THE COMBAT TRAINING CENTERS (CTC) WILL REDUCE THEIR PREPO FLEET TO 60 MRAPS EACH FROM 120 EACH BY THE END OF FY14. ADDITIONALLY, FORSCOM WILL SCHEDULE OEF ROTATIONS SO THAT WE AVOID BACK TO BACK DEPLOYING BCT ROTATIONS AT THE SAME CTC LOCATION.

3.B. TASKS TO SUBORDINATE UNITS. N/A.

3.C. COORDINATING INSTRUCTIONS.

3.C.1. STANDARD TOE ITEMS. ALL STANDARD TOE ITEMS CURRENTLY AUTHORIZED AT PDTE MOBILIZATION TRAINING CENTERS WILL BE DIVESTED BY THE END OF FY14 AS PART OF THIS PDTE REDUCTION EFFORT.

3.C.1.A. ASC/AMC. ICW FORSCOM G3 TRAINING WILL ESTABLISH A DETAILED SHUTDOWN PLAN THAT WILL BE CONVEYED IN A FOLLOW ON MESSAGE OR BY A DA IMPLEMENTATION EXORD.

3.C.1.B. INSTALLATIONS. ONCE INSTALLATIONS HAVE THEIR PDTE SITE SHUT DOWN, THEY CAN REQUEST MRAPS THRU FORSCOM G3 TRAINING PROVIDED THE UNIT FOR WHICH THE REQUEST IS FOR IS AN OEF DEPLOYER OR A GRF DESIGNATED UNIT. FOR VALIDATED MRAP

TRAINING REQUIREMENTS, THE MRAPS WILL BE TRANSPORTED TO THE REQUESTING INSTALLATION. AMC WILL COORDINATE FOR MRAP MAINTENANCE SUPPORT WHICH WOULD LIKELY BE ACCOMPLISHED THROUGH THE INSTALLATIONS DOL.

3.C.2. ALTHOUGH EXACT FIELDING SCHEDULE HAS NOT BEEN FINALIZED BY HQDA, SELECT AC/RC UNITS (DIVISION HQS, BCT KEY LEADER VEHICLES AND TRANSPORTATION UNITS) AT 20 CONUS SITES WILL START RECEIVING MRAPS UNDER A CONDITIONAL MATERIAL RELEASE ON THEIR UNIT TDAS STARTING FY15.//

GENTEXT/SUSTAINMENT/4. NA.//

GENTEXT/COMMAND AND CONTROL/5. DIRLAUTH BETWEEN CORPS/DIVISION MSE(S) OR FIRST ARMY WITH FORSCOM G3/5/7 TRAINING IOT SUPPORT THIS EXORD IS AUTHORIZED.

5.A.1. POINTS OF CONTACT. FORSCOM G3 COLLECTIVE TRAINING DIVISION, COL JOHN GARITY, JOHN.T.GARITY.MIL@MAIL.MIL (910)570-6324, DSN 670.//
