Discussion Points

- Maintaining force structure allows us flexibility for the future Total Army
- Army National Guard Readiness is a Total Army mandate
- Full time Manning reductions will harm foundational readiness and National Guard specific capabilities
- Multi-component solutions are built on capability and culture
- Open lines of communication are key

TAG Issues

- The Army's **Total Force Policy** is in Jeopardy
- The **Center of Gravity** = The Will of the People – **NG is connected with America**
- Sustainment of the **National Guard's Combat Role** is in our DNA – It is **essential to our National success** whether at home, or abroad
- **Strategic Lift limitations** define “Fight Tonight Forces,” everyone else is in the National Guard or Reserve
- Enduring **SPP contributions** to COCOMs and the Regionally Aligned Force need to be recognized, integrated and codified in Theater Campaign Plans

TAG Issues Backup

- Projected Force Structure Reductions
 - Potential loss of Apache force structure
 - Reduction is not tied to performance
 - Turmoil to communities
 - At 315K Guard end strength, our reduction in FSA will be about 20% since 2011
- Full time manning
